MISSION

Project Piti Pami (3P) is a 501c3 non-profit that exists to promote sustainable healthcare and wellness for the people of Haiti through education, advocacy, and service.

VISION

3P aims to be seen not as the leaders of change in Haitian communities, but as partners with Haitian community leaders and citizens in effecting, positive, sustainable change.

Education • Advocacy • Service

LETTER FROM THE CEO AND PRESIDENT

Dear Friends and Supports,

As we reflect on another year at Project Piti Pami (3P), I am filled with gratitude for all we have accomplished together in our mission to provide essential healthcare to the underserved communities in Haiti. This year has been one of growth, new partnerships, and unwavering commitment to those in greatest need—especially during these challenging times.

One of the highlights of the year has been our strategic partnership with Haiti Medical Project (HMP) at the leadership level. As members of the new HMP Working Group, a select few members of 3P Leadership participate in planning and strategizing decisions made by HMP to ensure the continued success of the program. Most recently, they met to discuss the transition of leadership for a few key members of HMP on the ground in Haiti, and are sending delegates to northern Haiti in January for a leadership meeting for these new members.

Additionally, we are proud to share that for the first time since 2018, we sent a delegation to Haiti in person. Partnering with friends from the organization Partnership of Pastors International, our Chief Revenue Officer Tom Taugher was able to travel into Northern Haiti in mid December to Pignon with Missionary Flights International. This was on the heels of a 30-day ban on all flights entering Haiti from the US issued by the FAA following an unfortunate incident involving gunfire aimed at Spirit Airlines flights entering the Port-au-Prince airport in November of 2024. While much of our work has continued remotely due to the ongoing challenges posed by the political and economic climate, we are pleased to once again connect directly with the people we serve. We look forward to how this new partnership will allow us to continue serving our partner communities in Northern Haiti.

Amidst all the changes, we are also proud to celebrate the things we continue to do well. Our annual Hit the Links for Haiti Golf Scramble remains a cornerstone event, raising funds and awareness to support our vital programs. This year's scramble brought together friends, partners, and supporters, all of whom share our commitment to Haiti's healthcare needs, and contributed to our raising a total of \$19,251.71 in 2024. This funding supported the successful completion of 121 new latrines serving 1,515 people and 6 new wells in communities across the country.

Our annual leadership retreat was another bright spot this year. This retreat allows our board and staff to come together, renew our focus, and reflect on our strategies. It's an invaluable time to strengthen our unity and ensure we are moving forward with clarity and purpose. We have pursued a new rhythm in our organization over the past two years, entering a "rest season" from December through February and a "work season" beginning with our leadership retreat in March and culminating in our Benefit Dinner in November - which we are excited to announce will take place on Saturday November 8th 2024 in Petoskey Michigan.

As you may have heard, Haiti is facing an uptick in violence and instability, with recent reports of gunfire aimed at passenger airplanes—a stark reminder of the heightened risks faced by the people of Haiti every day. These escalating tensions make the work we do even more urgent and critical. Healthcare is often the first service to suffer in such an environment, and it underscores the importance of our mission. Despite these risks, we continue to push forward, knowing that the people we serve—our patients, families, and communities—deserve nothing less.

As we move into the next year, we do so with hope and determination. The challenges are many, but our purpose is clear. The resilience of the Haitian people and their unwavering desire for a better future inspire us every day. It is their courage that makes all of our efforts worthwhile. At Project Piti Pami, we remain steadfast in our commitment to bringing healthcare where it is most needed, even in the face of adversity. Your support has made everything we do possible, and we are deeply grateful for it. Together, we will continue to make a difference, one project, one community, and one life at a time.

Thank you for standing with us as we work to bring hope and healing to Haiti.

**With heartfelt appreciation,
Jordan Place
CEO & President
Project Piti Pami**

WHAT WE'VE DONE IN 2024

- HELD OUR SECOND ANNUAL LEADERSHIP RETREAT IN MARCH
- HELD OUR SECOND MEMBER/VOLUNTEER WORKDAYS IN JULY AND NOVEMBER
- FUNDED THE CONSTRUCTION OF 30 LATRINES IN TOTAL OF \$18,000

June 15th 2024- Our 4th Annual Hit the Links for Haiti Golf Scramble. We raised a total of \$10,266! Team Krebsie & The Boys (pictured above) winning 1st place. We also featured a golf ball cannon by TNT Golfapalooza. Thank you to everyone who participated and our 24 sponsors! See you next year at our 5th Annual Golf Scramble on June 21st, 2025 located at Beech Hollow Golf Course in Freeland, MI.

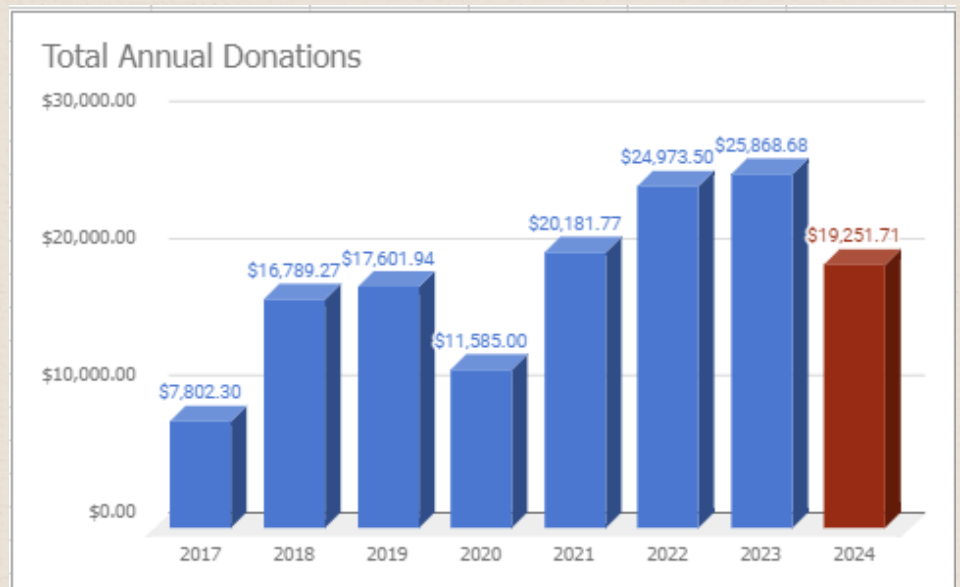

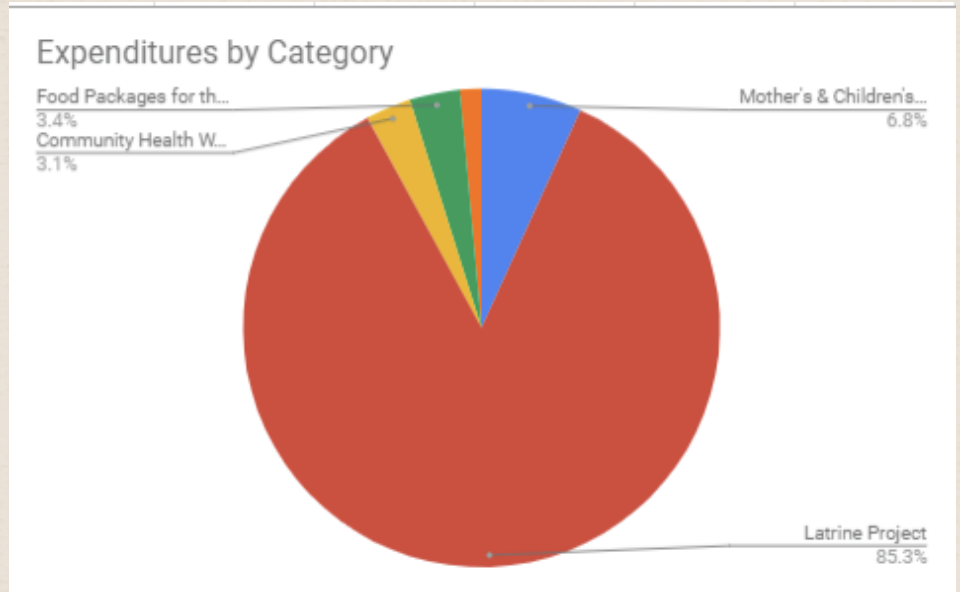

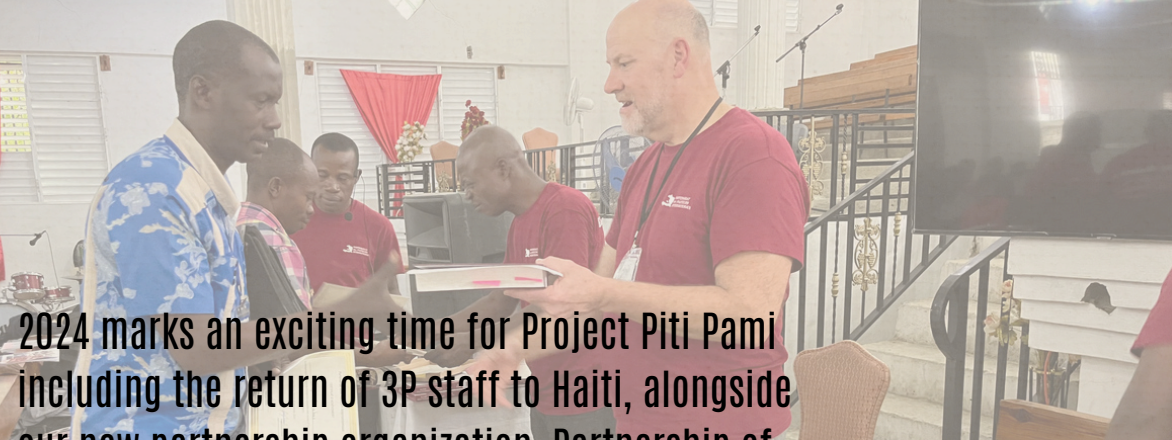

FINANCIAL SUMMARY OF 2024

"Some of the highlights of 2024 were our latrine construction projects and the beginning of our nutrition program for the elderly! We were able to collaborate with another donor to raise \$50,000 towards sanitation projects in our communities. \$25,000 of that money came from our donors so we are very thankful for the support we've received over the years. This will provide over 200 latrines to our communities. We are continually thankful for the support of our donors and hope to make 2025 an even more fulfilling year!"

-Jesse Place, CFO

HAITI TRIP 2024

2024 marks an exciting time for Project Piti Pami including the return of 3P staff to Haiti, alongside our new partnership organization, Partnership of Pastors International (PPI)! Our Chief Revenue Officer, Tom Taugher, had the privilege of travelling down to Hinche and Pignon, Haiti to work alongside PPI at their pastoral training seminars. We are excited to develop new in-person relationships with the Haitians that have made the Elderly and Widow Care Program possible and successful. Tom was also able to establish connections with local leaders of the Haitian side of the Haiti Medical Project and speak about plans for future travel to Haiti.

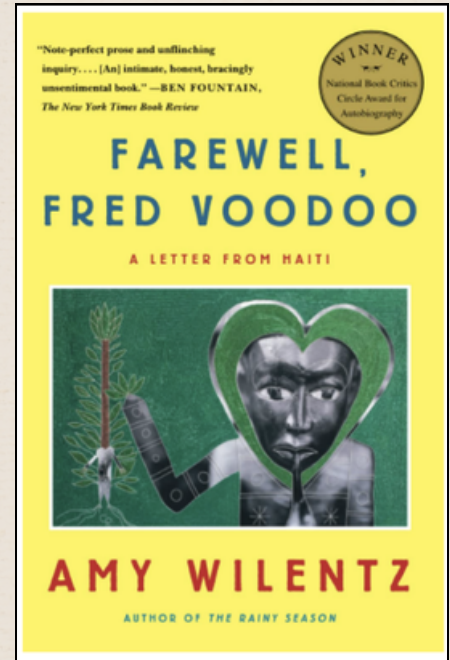

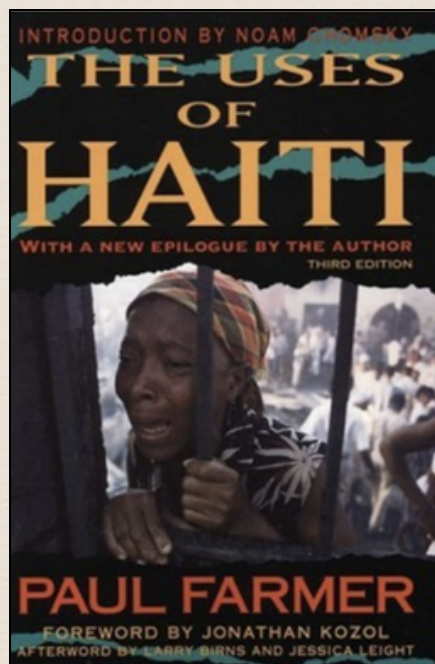

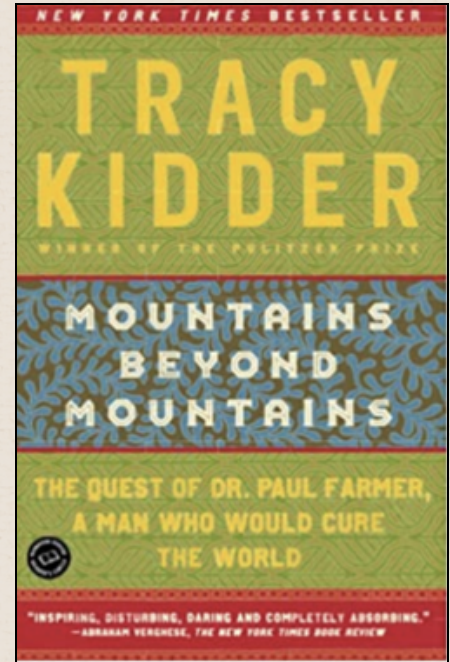

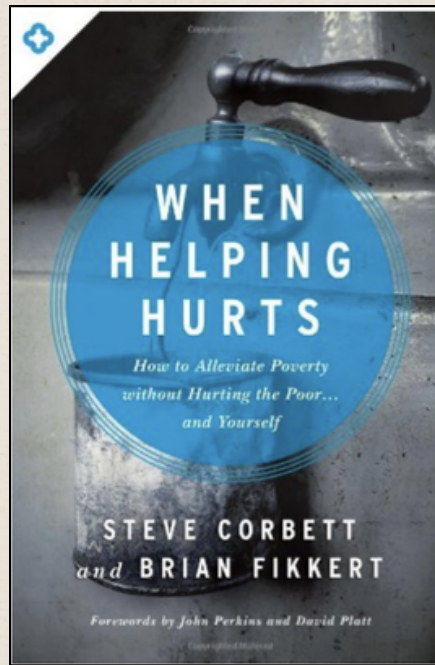

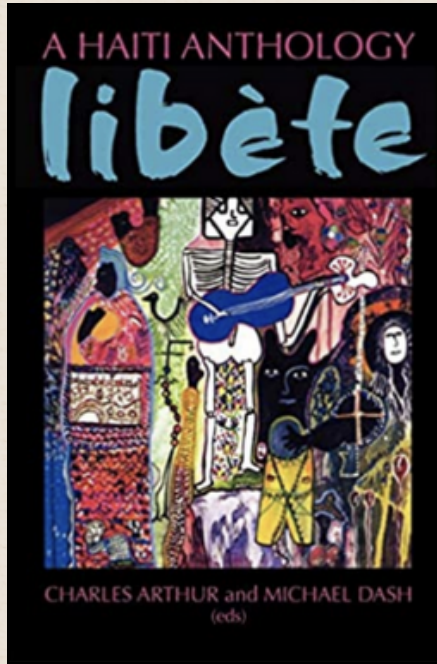

NEW FOCUS IN 2024

Another exciting addition to our work in Haiti was the development of an Elderly and Widow Care Program in conjunction with our new partnership organization: Partnership of Pastors International. Based out of Ounaminthe, Haiti, this program aims to provide food packages, medical accessibility connections, and spiritual care for local elderly Haitians over the age of 65 and widows. Project Piti Pami not only financially supported the food, but established multivitamin administration to 75 elderly/widows in the area. We are currently collecting information on the health professionals in the local churches of Ounaminthe, so the elderly and widows can be connected with the medical care they need to better serve them in 2025.

RECOMMENDED MEDIA

WAYS TO SUPPORT

BECOME AN ADVOCATE

Tell people in your community about Haiti!
Host fundraisers or supply drives in your community.

Help gather supplies:

- Hygiene items
- Medicine
- Recreational items
- Miscellaneous supplies

Go to 3pHaiti.org/supply-requests for the full list.

BECOME A VOLUNTEER

Do you have skills that could help us?

- Are you a photographer? An event planner?
- A Nurse or Doctor or other health care worker?
- Do you have some expertise in running an organization? Are you eager to get involved in whatever capacity you can?

If any of these things sound like you, becoming a volunteer might be an excellent fit!

Applications are available at 3pHaiti.org/get-involved.

BECOME A DONOR

Because we have specific donors who cover our overhead costs, the funds donated to us are used only for supporting our projects in Haiti. Not a single person in our organization, from volunteer to CEO, receives any kind of financial compensation for their work. The costs of our annual trips to Haiti are funded entirely out-of-pocket by the volunteers who attend. For funds that are donated online through our secure PayPal system, Paypal receives 0.05% as credit card insurance, but the entirety of what remains from your donation makes its way to Haiti

For more information, see our online catalogue at 3pHaiti.org/give, which allows you to donate to something you feel passionate about.
